School Overview

Kingston State School is situated in the heart of Logan City in the South East Region of Queensland with a student population of approximately 630 students from very diverse backgrounds. We are privileged to welcome a large number (approx.18%) of Indigenous students to our school. This is one of the largest percentages for state schools in the South East Region. We also welcome a significantly high number of students from the Pacific Islands.

At Kingston State School we provide a culture that values and promotes learning and has high expectations for the success of all students. Our school uses collaboration and innovation to effectively provide high quality teaching and learning on a daily basis. We regularly celebrate the successes of our students and staff.

Our school caters for the whole child through academics, The Arts, sporting opportunities and a whole school social/emotional wellbeing program. We prioritise the teaching of reading in all classrooms and are a YuMi Deadly Maths Associate School. The YuMi approach aims to make Maths relevant and engaging for all students. We acknowledge that school can impact significantly on children's social and emotional wellbeing and therefore provide a supportive and caring school community, characterised by a sense of connectedness and belonging among students, positive classroom climates, strong relationships with teachers and peers, and parental and wider community involvement within our school.

We strive to provide our students with authentic learning experiences and value the importance of being at school every day.

Principal's Forward

Introduction

The Kingston State School Annual Report is a document reporting on our school's activities and celebrations for the 2016 school year. This report demonstrates the successes achieved by a school community working together to provide quality education for its students. Our focus and successes in 2016 were:

- Explicit improvement agenda focused upon the teaching of Reading, Upper 2 bands and Numeracy, and Wellbeing
- Behaviour management processes (begin review)
- Development of the Kingston Pedagogical Framework
- Increased attendance
- Continued implementation of the Australian Curriculum
- Use of NAPLAN- National Assessment Program Literacy and Numeracy data to improve student outcomes
- Continued development of productive partnerships within our school community and beyond

Literacy

The school continues to strive for improved standards of literacy for all students. A specific focus on the teaching of Reading was undertaken in 2016 with a primary focus on Guided Reading. A focus on the teaching of The Big Six was also undertaken and planning was modified to ensure all aspects were taught within the literacy block. The school recognises the need to continue to focus on reading as the key to overall improved student outcomes.

Numeracy

The school continued to embed the YuMi Deadly Maths philosophy and practices for teaching Mathematics. Kingston continued explicit professional development focused upon this philosophy in 2016 and continued in the role as a YuMi School of Excellence.

Curriculum

Continued implementation of Australian Curriculum in English, Maths, History, Science, Geography, Health and Physical Education, Technology and The Arts occurred. Significant collaboration between teaching teams ensured continuity of delivery. The Australian Curriculum continued to be implemented across all year levels and the necessary resources were purchased to support this.

Curriculum Planning

Teachers planned classroom differentiation as demonstrated in individual teacher's planning. Year levels worked with the Deputy Principals and Head of Curriculum to collaboratively plan, teach and assess. Assessment items were moderated with cohorts and school leaders.

Learning Support

Support from the STLaNs allowed focussed teaching and learning to support students identified through data collection. Significant assistance was provided to students below benchmark targets in reading and ongoing data was collected and analysed.

Enrichment Program

The school offers a Striving Stars Program which supports students who achieve above year level.

Supportive School Environment

Positive Behaviour for Learning is our chosen behaviour framework. On-going support for staff and the development of a committee was also undertaken. A budget allocation was made to support the implementation of PBL.

School Progress towards its goals in 2016

Curriculum Delivery

Our Approach to Curriculum Delivery

- The English, Mathematics, Science, History, Geography, Technology, The Arts, Health and Physical Education learning areas are delivered according to the Australian Curriculum. The General Capabilities are embedded in these learning experiences. These are: literacy, numeracy, ICT, critical and creative thinking, personal and social capability, ethical behaviour and intercultural understanding. The cross-curriculum priorities (Aboriginal and Torres Strait Islander histories and cultures, Asia and Australia's engagement with Asia and Sustainability) are valued and evident in learning experiences
- In 2016 we offered Chinese as a Language Other Than English
- Marzano's Art and Science of Teaching Framework is the core of our school Pedagogical Framework
- Excursions are organised to complement selected units of student work
- A range of physical education activities are offered. Students participate in weekly formal physical education lessons as well as a variety of physical activities on a daily basis. Senior students play a number of different sports and participate in a range of sporting competitions. School athletics, cross country and swimming carnivals focus on participation and skills development
- A range of intervention programs, including support and extension programs are implemented to address students' individual needs
- Community involvement in the celebration of student learning including culminating activities for units of work and special school events such as National Literacy and Numeracy Week, Science Week and Performing Arts and cultural celebrations
- Our school provides a series of Pre-prep experiences for families who are enrolling their children in Prep

Extra curricula Co-curricular Activities

- Students participate in Years 5 & 6 Camps, excursions, Maths Team Challenge and other cluster curriculum initiatives/events
- The YMCA Breakfast Club operates every morning providing breakfast for our students
- The school celebrates and acknowledges important events including NAIDOC Week, Harmony Day Activities and Literacy and Numeracy Week
- Our students have access to an array of before and after school providers and lunchtime clubs/activities. Our staff also has a broad range of expertise and individual passions that they enjoy sharing with our students. Teachers elect to run clubs and groups at lunch time
- An Instrumental Music Program offers tuition in Strings and Percussion instruments to students in Years 4-6
- A range of representative sporting activities as well as sporting sessions provided by community groups e.g. Auskick and Interschool sport for years 5-6.

How Information and Communication Technologies are used to Assist Learning

Our school has a fulltime Technologies teacher who is implementing the Australian Curriculum: Digital Technologies and Design Technologies. Additionally this teacher works collaboratively with staff supporting them to develop pedagogy related to the ICT general capability.

Social Climate

Overview

At Kingston State School we focus on learning every day. Children who attend our school need to be ready to learn when they arrive at school. Our students are extremely capable and we have high expectations for them. It is also our very firm belief that learning to read is the most important thing we do and reading skills are taught in every classroom, every day. We also run many support programs to support our students.

Implementation of the Positive Behaviour for Learning (PBL) Framework means we acknowledge and celebrate positive student behaviour every day within clear expectations. We have three rules: BE A LEARNER, BE SAFE AND BE RESPECTFUL.

Leadership positions are offered to students in Year 6 as opportunities to develop their leadership skills, promote healthy relationships and to become positive role models to our younger students.

Parent and community engagement

Parents are encouraged to be partners in their child/children's education at Kingston State School.

Throughout the year courses have been conducted by the Principal, Deputy Principal, Master Teacher, Head of Curriculum and Pathways to Resilience for parents to support their children's learning and the other social challenges of raising a child.

The school hosts numerous events where parents and members of our wider school community are invited and encouraged to attend. Some of these events include: P - 3 Athletics Carnival, Year 4 - 7 Athletics Carnival, Cross Country Carnival, Indigenous events, The 96five community breakfast, Under 8's event, discos and our weekly assemblies where student achievements are acknowledged and celebrated.

Parents received end of semester reports and were offered opportunities to discuss their child's progress with the teacher.

The regular communication between parent/teachers provided multiple opportunities for open communication with their child's class teacher.

The School's Leadership Team works closely with the school's P&C to ensure a collaborative approach with parent representatives of the school. The P&C continues to provide support to students and their families by raising funds through its fundraising initiatives.

Through a positive relationship developed with The Salvation Army Communities for Children (Logan) and their partners, we began a community playgroup and also began the implementation of a social/emotional program for our school aged students.

Our two Adopt-a-Cops have regular school visits as well as attend school camps and excursions.

Our school is immensely proud of our positive community partnerships we hold with the Queensland Police Service (Adopt-a-Cop Program), Police-Citizens Youth Club (PCYC), Kingston East Neighbourhood Group Inc., Salvation Army, Mob Kinnectors and Bunnings.

Respectful relationships programs

The school encourages a positive environment that focuses on appropriate, respectful and healthy relationships. Teachers focus on personal safety and awareness of responding to unsafe situations. Our PBL Framework incorporates the teaching of solving problems and resolving conflict without violence.

School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2014*	2015**	2016
Short Suspensions – 1 to 5 days	328	495	554
Long Suspensions – 6 to 20 days	2	2	1
Exclusions	1	4	5
Cancellations of Enrolment	0	0	0

* Caution should be used when comparing post 2013 SDA data as amendments to EGPA disciplinary provisions and changes in methodology created time series breaks in 2014 and 2015.

**From 2015, Exclusion represents principal decisions to exclude rather than recommendations for exclusion. From 2015 where a principal decided not to exclude, a small number of recommendations for exclusions have been counted as a long suspension. Exclusions, Cancellations and Long & Charge Suspensions may be upheld or set aside through an appeals process.

Environmental Footprint

Reducing the school's environmental footprint

Kingston State School uses several water tanks are utilised across the school to reduce water usage. We also participate in an active recycling program. Local businesses also support our school with class programs which address sustainability. Our school continues to monitor and promote the reduction of the school's environmental footprint.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2013-2014	196,852	7,490
2014-2015	193,223	21,322
2015-2016	198,752	3,873

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.
